

Collections Trust Publications Order Form – Valid until 31 March 2011

The Collections Trust's *Practical Guide* series is designed to give practitioners, volunteers and students the skills they need to manage their collections effectively.

To order, please complete the form overleaf, and return it to:

Collections Trust, Downstream Building, 1 London Bridge, London SE1 9BG

orders@collectionstrust.org.uk

Prices are £39.99 per copy, or £35.99 for Registered Users of Collections Link when ordering via the online shop at <http://shop.collectionslink.org.uk>

Overseas customers please note that you will be required to pay in advance the full cost of your order, plus postage and a £6.00 administration fee.

Collections Management: a practical guide

Collections Management: a practical guide is the essential source of reference for anyone responsible for collecting, caring for, and recording information about cultural collections and making them accessible to other people. The framework method described in this book is based on that set out in BSI PAS 197: *Code of Practice for Cultural Collections Management*.

Documentation: a practical guide

Documentation: a practical guide is the essential first step for anyone wishing to manage a museum collection and its documentation to a high standard. For those with no previous museum experience it presents the basics of documentation clearly and concisely, and for those with more experience it provides an easy-reference guide to good documentation.

Pest Management: a practical guide

Pest Management: a practical guide provides cultural heritage organisations with essential information on identifying and dealing with pest problems, and gives comprehensive guidance on implementing an effective pest management programme.

A free copy of the new English Heritage/Collections Trust pest identification poster will be supplied with every copy ordered.

Copyright: a practical guide

Copyright: a practical guide provides essential guidance for anyone wishing to manage copyright in a collection. This book will be of interest to archive, library and museum professionals and provides a first step in copyright guidance for collections managers, archivists, curators, librarians, volunteers, students and trustees.
